Shaik Sharooq

Suhan Gwei · Web3-native builder & brand-protection investigator who ships with AI

Guntur, Andhra Pradesh, India · sksharooq456@gmail.com · github.com/sqsuhan · x.com/suhan_gwei · linkedin.com/in/sharooq-shaik

About

Self-taught Web3, DevOps and Linux enthusiast and a vibe coder: I use AI tools as coworkers to design, build and ship products fast. B.Tech in Civil Engineering (JNTU-K, 2020–2024); career in Trust & Safety, IP enforcement and Web3. Fluent in English, Hindi and Telugu.

Experience

Investigation Support Analyst

Corsearch · Present

- Case management, test buys, enforcement actions and filings for brand-protection cases.
- Keep evidence, timelines and outcomes tight so brands can act with confidence.

Investigation Associate, Enforcement

Amazon · June 2025 — Sept 2026

- Handled IP infringement and trademark enforcement cases with final removal authority.
- High-volume queues, SOP/policy decisions, Brand Registry processes and Excel reporting.

Selected projects

Vara.fi — DeFi lending protocol on Arc testnet (Solidity, Hardhat, React, Wagmi). Live: vara-fi.vercel.app
